

WAKE UP CALL

Wake up, wake up sleepy head
It's time to spring up out of bed
We have a blessed day ahead
So let my Sonshine in, within
And let the day begin

As you wash awake your face
Splash on my Spirit and my grace
And let your smile light up the place
And let my Sonshine in, within
And let the day begin

Chorus

On the way out of your room
Let my love cause you to bloom
Start singing a happy tune
And let my Sonshine in, within
And let the day begin

Bless everyone you see
Pray for all your enemies
This truth will surely set you free
And let my Sonshine in, within
And let the day begin

Chorus

So listen with your eyes
And expect to be surprised
My goodness always on the rise
And let my Sonshine in, within
And let the day begin

To your family most of all
Be tenderhearted and stand tall
In your patience you will not fall
So let my Sonshine in, within
And let the day begin

Chorus

One last thing you must do
Love yourself because it's true
My child, I delight in you
So let my Sonshine in, within
And let this day not end
Within, within
And let this day not end

Chorus (x2)
I love you

Chorus:

This is a new day, new day
new day in Yahweh

A new way, new way
new way in Yahweh

The best way is right away
in Yahweh, it's true, it's true
it's oh so true
